Dear Andy,

This is just a short note to thank you and your company for the service you gave to me recently when my buy to let house required complete redecorating. You gave me very good and practical advice as to the options available and assisted me in saving money with those suggestions.

The quality of your work is excellent and the job was finished in a timely fashion and I should also add that the price you quoted was very reasonable and was not exceeded.

I will definitely recommend you to any of my clients wishing the security of great service and fair pricing.

Many thanks for looking after me so well and I wish you continued success with your business.

With kind regards,

Allan Milne
