Dear Donald,

Angela and I would like to thank you and your company for the patio you laid for us last month.

We have nothing but admiration for the way you and your employees conducted yourselves and for the quality of your workmanship. We were extremely impressed that on the few occasions you were absent from site to collect materials your employees kept working at the same pace without you having to watch over them. Their courtesy and dedication is a credit to you and your company.

We also appreciate the ideas you gave to us regarding the design and materials and you're your cautionary warnings as the safety of some blocks when icy, steered us to a textured block which will be non slip.

The price quoted was fair, reasonable and affordable.

We will certainly enjoy many an enjoyable barbeque thanks to you.

I would have no hesitation recommending you to any of my clients requiring similar work and fair pricing.

With kind regards,

Allan Milne
