Dear John,

Angela and I would like to thank you and your company for the plumbing work you and your employees did for me recently.

You gave me some great advice, and during our discussions I saw that my initial plans were neither practical nor cost effective, and in doing so you saved us a considerable amount of money.

As you could do both water and gas plumbing it saved me getting an additional tradesman and the whole experience was trouble free.

I would have no hesitation recommending you to any of my clients requiring similar work and fair pricing.

With kind regards,
