Dear David and Jan,

I can't tell you how pleased I am with the IT work and Work Environment advice you both gave to me today.

I have been struggling with a system, which had all the capabilities I need, but I was unable to utilise the system to the full. I am also delighted that you have gone some steps further and made my IT operation far more efficient and a joy to use. All the work you have done will save me a great deal of time and money.

Your advice regarding a more comfortable work area and better planning also has given me a great deal to consider and made me aware of issues I did not know about.

You are definitely my one stop IT specialists

Many thanks again.

Kind regards.

Yours sincerely,

Allan Milne
